Chris,

Pictures with the ski lift look like a grizzly bear (hump, face, almost see claws on front feet) assume other picture of bear behind tree is from the same site.

Had a conversation with Mike last week. Denver wants Jennifer and I to come down and give a briefing to the RD on YE and NCDE status plus a bit about other recovery areas. Jennifer and I are working on a briefing paper and power point. Could be on the 19th, but not for sure yet.
