Here are the 2 that I saw right off the bat. Alex or Jennifer, do you know of any others, or any way to easily search through the public comments to find others?

Good Morning,

Yes, please. I need to see copies of any comments or incoming from tribes since our posting. If there is an easier way for me to do that rather than create more work for you, I'm happy to do so, just let me know how.

Thanks!

Hi Serena,

I haven't seen any correspondence from Tribes come across my desk, though I might be the wrong person to ask (I'd ask Seth but he's out of the office). CC-ing Jennifer and Alex here in case they know of anything.

I do know we received at least a couple comments from Tribes during the public comment period on regulations.gov though - at first glance I see comment letters from the Salish and Kootenai Tribes, and from GOAL, and there might be others if we dig around. Are you interested in those, or just general correspondence?

Hi Sarah and Jill,

Do either of you know of any letters we have received either through DTS or non-DTS from tribes since March 3, 2016?

Thanks!
