- 2) Review of proposed CS duration/term (disseminated by e-mail by me earlier this week, September 19)
- 3) Review and discuss approval of new habitat standard language (disseminated by e-mail by me earlier this week, September 19)
- 4) Review and discuss appendix C regarding recalibration
- 5) Plan for YES meeting.

Please let me know if you have any questions, additions or concerns. See you Monday.

Brian

Brian,

Attached is a draft of the Strategy with all revisions to date. Revisions suggested since the September 8th meeting by members of YES are labeled 'proposed edits post 9/8' while edits suggested by the Study Team or the Service are labeled as such. There are still some public comments that we are working with the Study Team on that are relatively minor. In addition, we have the outstanding issues of duration and calibration.

Please let me know if you have any questions,

Jennifer
