Thanks Chris, it will help to have the letter as a reminder.

Dan,

Attached FYI is the Tribal grizzly bear management plan (search the PDF for the word hunt). Also attached is the consultation letter we sent to each Wind River Tribe in April via registered mail. It asks for their input and consultation on the issue of delisting. They have never responded to these letters.

This was in the news again today, along with some strange things about renaming YNP features.

I am working with Hnilicka (Lander FWS) to meet with Shoshone/Arapaho tribes to fully explain the system of YES and IGBST as well as stress that if delisted no one would have authority over tribes to manage bears so long as it is within agreed upon constraints etc.

Will keep all posted.
