Mike,

Yes, the 2007 number is not different than the 2014 number. The population has been basically the same since the early 2000's. Frank will confirm this on our call.

See the second bullet in the attached briefing.

Mike,

Frank and I are available Friday afternoon at 1:30. We will be working between now and then to refine his presentation. If this time works for you, I will set up the conference line.
