I left a message with Kris, I will call 15 minutes before our call to talk with you. I want to support you and since I have been removed from the most recent discussions I thought we should talk before getting on the call.

Matt and Richard,

Attached for your preview prior to our 11 am conf. call is a response memo to the USFWS response to the State's March 19 proposal for post delisting management of grizzly bears in the GYE. The cover memo references an attached revised state plan – we are still working on one final tweak, so that isn't available right now, but hopefully will be available by the time of or shortly after our call.

However, the attached describes pretty well how we intend to address (or not) the main points in the FWS response.

Talk to you at 11 am Mountain Time
