Joe,

There is no current briefing paper on this issue. These are complex issues. The best approach I would suggest would be a phone discussion where he could ask questions of me and I could answer his questions or concerns.

Chris

Chris / Scott: Our Deputy Under Secretary of Agriculture has expressed interest in grizzly bear recovery efforts.

He is particularly interested in:

1. current position of state game agencies and
2. Role of the status of separate recovery zones to any future delisting consideration.

Are either you aware of anything online or in writing somewhere that addresses those 2 issues that is still current?

Feel free to call if you would like: 202-631-0815
