He did. He was actually helpful at time....more when we talk. I think it helped that I spent an hour with him before the meeting. Safe travels.

Came back last night from a 3 day grouse trip and sort of expected to see an email saying our leadership had thought this through and wanted me to attend, nothing doing. I am not going and that is really disappointing. My advice is to state up front what will and won't be covered and I would be specific to state that this meeting is not about buffers around NPS lands or matters related to hunting grizzlies- those are post-delisting discussions. I would be happy to call Ken or Jeff and let them know my thoughts if you think that would help.

Let me know how this goes,

Thanks

We need you there now more than ever....next week will be interesting. If certain NPS folks come in guns blazing about Chao2 or hunting buffers, this whole thing could implode.

Agenda**

Hi all,

Please see note
below...although I

know the agenda was sent out this morning. I'm still trying to figure out start and end times, and will get that to you all soon as possible.

I spoke with Brian Nesvik last evening and have been briefed on purpose of meeting, etc. I, along with Mike Wrigley, will be attending from IMRO (pending confirmation of availability). I understand Dave Gustine will represent GRTE. Who will be representing YELL? I told Brian I'd get back with him re park reps. Anyone else going?

Thanks all!!!
