Agreed. Matt was supposed to call James Walks Along. Not sure if that happened. I think he is on leave this week. Will check.

Mike,

Before we go much farther, I suggest someone from the RO needs to go and consult with the Northern Cheyenne. They have requested that a high ranking Service official consult with them and that needs to be completed.

Also, we never did discuss a plan of action on how we respond to tribal opposition to delisting and we really need to do that. The Yellowstone Subcommittee meeting is November 4 and there will be multiple tribal representatives there who have said they are opposed. We need a plan of action.
