[HSUS Request for a Comment Extension for GYE Grizzly Listing 3.15.16.pdf](#)

Seen this? We really have no justification to not extend the comment period given that we have 3 documents and over 800 pages of technical details out for review.

Mike,

Here is the first request for extending the comment period. My recommendation would be to extend the comment period 60 more days as they request and to deny additional hearings since we did these same two locations for hearings in 2007. I fully expect that we will get additional requests for comment period extensions given the size and complexity of the 3 documents we are asking for comment on. In 2007 we extended the comment period to 120 days.

Chris

**Subject:** GYE Grizzly Bears Proposed Delisting Rule- Comment Extension Request

Dear Dr. Servheen:

Please find attached a letter submitted on behalf of the Humane Society of the United States (HSUS) supporters requesting an extension of the comment period for the proposed rule removing the Greater Yellowstone Ecosystem population of grizzly bears from the federal list of endangered and threatened wildlife. 81 Fed. Reg. 13,173 (March 11, 2016). Additionally, the HSUS requests that the Service provide stakeholders additional opportunities to participate in public hearings. A hard copy of the request letter was also placed in the mail for you.

We look forward to your response to the request letter and please, let me know if you have any questions.

Best,

Keisha
