Or have a working dinner.

Please let me know if any of you need to change to this option.

It does I didn't get the information on the time of the public session until after I sent out this time. The other option would be for people to stay until after the YES meeting, however I already know that my supervisors Nathan Darnall and Tyler Abbott cannot do that , the only other options we have is if people are willing to meet after dinner on April 13.

Not everyone has replied to the doodle poll, however it looks like the best dates to meet are Wed April 13 from 8a-12p before the Yes meeting starts. If we have further work to do, most of the folks that have replied were also available from 12-5p on Thursday April 14 after the YES mtg has concluded. Hopefully we can meet in the same room as the YES mtg, I'll ask Mary Erickson if that would be ok.

Thanks.

Just a reminder for folks to complete the doodle poll. Also, a public meeting and hearing are scheduled on April 12 for the proposed delisting rule; if some of you would like to attend, you might need to update your doodle responses. Thanks,

“On April 12, 2016, in Bozeman, Montana. The public informational meeting will run from 2 p.m. to 4 p.m., and the public hearing will run from 5 p.m. to 8 p.m.”

Subject: Fwd: Doodle: Link for poll "Guidance for Assigning IT of Grizzly Bears in the GYA"

Good Afternoon,

I have set up a doodle poll for a face to face meeting before or after the YES mtg being held in West Yellowstone on April 13 and 14. I have not seen an agenda for the YES mtg so I am assuming it starts after 12p on April 13 and ends at 12p on April 14. The times in the doodle poll are based on 4 hour increments with the YES schedule in mind, if this assumption is incorrect please let me know and I can change the doodle poll. (That does not mean that the meeting will only be held for 4 hours its just a place holder). As we discussed inviting individuals from other forests and other state biologists that are affected by these discussions concerning the GYA. You can forward this doodle poll to them as well, I just ask that you cc: myself and Nathan Darnall so we can keep track of these folks.

Agenda

1. Work on finalizing edits on the Guidance for Assigning Grizzly Bear Incidental Take in the GYA memo
2. ITS for removals and relocations numbers for future projects and future reinitiation of the Upper Green BO (numbers that are biologically sound and

explain why past numbers have been inadequate)

3. Age class of bears that should be included in the ITS (why/why not certain age classes should/shouldn't be included)

4. Discussion on the legal requirements of Section 7, and the limits to discretionary decisions on how to implement Section 7

If you have further suggestions about agenda topics please forward them to me.

thank you.
