Matt,

Please advise how you would like to handle this.

Director Ashe, et al. – On March 17, 2016 I submitted the attached letter via the Federal eRulemaking Portal for Docket No. FWS-R6-ES-2016-0042, the U.S. Fish and Wildlife Service's proposed rule concerning Yellowstone grizzly delisting. This letter, which was submitted on behalf of a broad conservation coalition, requests an extension of the public comment period and additional public hearings concerning this proposal. The letter was assigned comment tracking number 1k0-8ojz-q2n5.

I am resending this letter to you directly today because I understand that a Service representative recently advised that your agency had received such a request only from a different entity, the Humane Society of the United States, which suggests that my March 17 letter was not received by you. You will note that the addressees of the letter include Dr.

Christopher Servheen, but I do not have Dr. Servheen's email address so I would appreciate it if you would forward this message to him.

Thank you for your consideration of the request set forth in the attached letter. Please contact me with any questions or to further discuss this matter.
