Dan/Jim -- Nick Wiley called me today to give a heads up regarding the letter that AFWA just submitted for the record supporting the comments of the WY, MT, and ID state directors on the GYE grizzly delisting proposal. Both letters are attached. Nick wanted to be clear that the AFWA letter was not staff driven, but rather reflected the views of AFWA leadership.

I won't offer any specific reaction by email, other than to suggest that we discuss with the Region before we all convene at Sapelo III. Some pretty fundamental issues involved here, transcending this particular issue, as if the implications for this particular issue weren't enough. Sigh. -- GDF
