Subject: comments

Jenn,

Here are comments from Matt Hogan and Mike Thabault on the CS. Please concentrate on the comments in the habitat sections and I will focus on chapter 2 and the implementation chapter.

Note the comment on the footnote on p. 12. I cannot find that footnote in the original CS. Do you know where it came from?

I have a meeting with the USFS supervisors at 3:30 so we need to finish these comments hopefully by noon today. See you soon.
