Subject: IMPORTANT - please review IGBC MOU

Hi all. As you may remember, we were unable to sign the IGBC MOU due to some additional edits. Attached is the new MOU with the changes that were requested. We had to get FS WO approval for the Third Party clause which was approved and added.

I have highlighted the edits in red to help make your review quick and easy. There are 3 areas to note:

1. Under the USGS membership it is now the Northern Rocky Mountain Science Center instead of Central Region (is this correct??)

2. Section III, B, 1. Added the purpose of IGBC and when IGBC will have completed that purpose and existence.
3. Added Third Party Beneficiary Rights under Q. as requested by Wyoming.

If you have any edits to those changes, please let me know ASAP. I will plan to have the MOU ready for final copy and signatures at the upcoming summer meeting in June. Thanks. Ellen
