So, I did some digging online and found a draft from MT from March 14. I remember you mentioning potential inconsistencies so I did a compare in Microsoft Word. MT's March 14 version was identical to the version attached to the Wyoming grizz plan. I know Seth had a version of the MOA. I will check the date on that one. We also may want to reach out to Tyson to see if he has heard anything from the meeting MT had on July 13.

I do not have a more recent version and the last one I saw was not the same as the one Wyoming has attached the their grizzly bear plan.

Do you have a recent draft of MT's MOU, by chance?

Alex,

This is what I currently have for the state plans and regulations, some of them are final while others are still drafts. Good luck!
