Hi Bernardo,

Since we are still waiting to hear back from a few more volunteers, we are going to push back the training/start of comment processing to Monday June 13 from 9am-11am. After the training, we will launch right into processing comments.

Let me know if you have a conflict with that time! We really appreciate your willingness to help.

Thanks Bernardo! Keep me posted about your availability in the following weeks. As I mentioned, it's very likely we won't be starting on Wednesday but I will keep you in the loop.

I can dedicate all of Wednesday and all of Friday of this week to work on the analysis. Let me check my schedule to see my availability for the next few weeks.

I'll be out tomorrow though.

Awesome. Just let me know as soon as you can which days in our work window you'll be available to help. Please let me know all the days you are free (even if it is more than 4). We will not ask you to work for more than 4 days.

Thanks!

Thank you for the information.

Yes, I'm in the RO's 3rd floor

Hi Bernardo,

The plan is to work on comment processing from 8:30am-4pm, with a one hour break from 12pm-1pm for lunch and catching up on email/other tasks. It's most important for us all to be on the same schedule on the first day and we can be more flexible with schedule on the following days. We were hoping to have the first day/training on June 8 but we are still waiting for more volunteers to trickle in so we may have to push that back. I will keep you posted!

And just to confirm, you are based in the Lakewood Regional Office, correct?

Thanks!
Alex

Hello Alex,

Yes, I can use my own laptop for the analysis.

In order for me to give you an accurate schedule of my participation, can you tell me the daily schedule of the days when I'll be working on the analysis (what time to begin, lunch time, what time to stop for the day...)?

Hi Bernardo,

We are so excited you are willing to help with the comment processing! Can you let me know which dates you are available to work between Wednesday June 8 and Friday June 24? We may not end up using all of those days but it's just helpful for me to know full availability. Will you be able to use your own laptop for the analysis? Once we confirm your volunteering, I will be in touch with instructions on how to set up an

account with the DiscoverText software we will be using for the comment review.

Thanks,
Alex

Hello Alexandra,

I work in Planning and I would like to participate in the upcoming training
(June 8) to assist with the review process and response to comments on the
GB reclassification.
