Mr. Wright-

This is to confirm our phone conversation earlier today where we discussed providing you a copy of the administrative record (AR) for the delisting of the Greater Yellowstone Ecosystem Grizzly Bear in response to your FOIA request. This will help us provide a quicker response to you. We will also provide a copy of the indexes so you can search through the records for what you need.

Thank you,
Stacey Cummins

A copy of the Administrative Record (AR) can be found under FOIA FWS-2016-01121, within the 6th Release.
