FYI, per our 'official' DNR reporting protocol, this is to alert you that a lynx was accidentally trapped/killed on 12/1/17 in Lake County, N47 33.232 W91 22.37411. I was out some since then, so sorry for some delays in this notice. I do have some details (reportedly a female, taken in a snare, trap set was legal), but am awaiting a copy of the complete ICR and will then forward that to you. Nothing specific you need to do, just FYI.

Also FYI, USFS already has a DNA sample for their analysis.

If this is the one reported by the Finland area officer, the DNA sample will be collected by USFS on Monday at our Enforcement office in Two Harbors.

Thank you,  
Nancy Hansen  
Area Wildlife Manager  
Two Harbors

Hi John - Thank you for the email. Please let me know if you find out more information. Do you know what the target animal was?

Thanks,

Tam
