Alex,

We are working with our Washington Headquarters regarding an extension of the dates for the public comment period and new dates for the hearings, as well as a location for a hearing in Arizona. We should have decisions shortly, at which time we will notify the public. Best, Jon

Jon,

Would you please consider extending the comment period deadline? The recent federal government shutdown resulted in the delays in important public hearings and the consequent

denial of access to federal webpages that are important for researching and constructing comments.

Thanks you for your consideration.
