Response

One June 6, 2019, you modified Item 3 to read “This request only seeks records specifically pertaining to the Eastern Collier Multi-Species Habitat Conservation Plan, or any related draft biological opinions, final biological opinions, draft environmental impact statements, environmental impact statements or species status assessments, as well as similar records pertaining to the Florida panthers status and habitat in Collier County.

We are writing today to partially respond to your request on behalf of the Fish and Wildlife Service.

We have searched our records and have located six (6) files that are responsive to your request. We have enclosed these as a combined file consisting of seven (7) pages, which are being released to you in their entirety.

Because this is an interim response to your request, we will provide notice of your appeal rights in our final response letter.

Conclusion

For your information, Congress excluded three discrete categories of law enforcement and national security records from the requirements of FOIA. *See* [5 U.S.C. 552\(c\)](#). This response is limited to those records that are subject to the requirements of FOIA. This is a standard notification that is given to all our requesters and should not be taken as an indication that excluded records do, or do not, exist.
