To: "Kennedy, Daniel (DNR)" <KENNEDYD@michigan.gov>

I wanted to pass along another suggestion Jim sent me --

"...Wonder if Minnesota has any spare radio-collars. Not sure I would recommend releasing in the UP - from what I can gather that's always been pretty marginal in terms of hare density. Maybe talk to Minnesota/Ron Moen/Susan Catton about releasing in the Arrowhead/Superior NF/Boundary Waters Canoe Area or maybe even Voyageurs NP? Regardless, it would be nice to have radios on one or both to see what we can learn about their eventual fate."

Recognizing first step is the exam and evaluation, but if all that checks out and release is recommended, may want to talk more about Jim's thoughts above.

Thanks
Scott
