Hi everyone!

I'd like to schedule a teleconference for Monday or Tuesday next week to discuss next steps for the lynx. I thought a small group of us should come up with recommendations that we would share up the chain of command. In other words, draft recommendations for the best course of action for this animal. I know this is short notice but Scott Hicks and I won't be available next week after Tuesday. Here are some dates/times that might work, please let me know which times work for you.

Monday (3/25): 10-1130am

Monday (3/25): 3-5pm

Tuesday (3/26): 9am-2pm

Tuesday (3/26): 4-5pm

Thanks,

Dan
