Subject: Update on wolverine in Calif?
Date: Monday, October 2, 2017 2:42:54 PM

Hi Chris - I am finishing up my status review for the wolverine and wanted to make sure that I have the most recent detection information for "Buddy" in the Truckee area.

One of my colleagues in Sacramento Field Office mentioned a presentation you gave at the Wildlife Society Field and Science (meeting?) in Sacramento earlier this year (indicating his presence as recent as March 2017).

Could you send me the presentation or an email reply back? That way, I can include this information as part of our record.

Let me know if you have any questions and thanks!
Betty
