Did you get California Dept. of Fish and Wildlife contacts from Josh Hull?

The Director is Charlton 'Chuck' Bonham. Email: Chuck.Bonham@wildlife.ca.gov

I would add (acting) Nongame Wildlife Program Manager, Scott Gardner. Email:
Scott.Gardner@wildlife.ca.gov

Good afternoon. I wanted to let folks know that the Draft Wolverine Species Status Assessment report will be sent out for review in the next several weeks. Your review will occur concurrently with the Peer Review for this document. Because our review time will be limited to 30 days I wanted to give you some time to plan for that review. Of course, folks on this list have varying levels of interest and you may choose to review or not when it comes to you.

As always, if you have questions, please feel free to give me a call. Thank you. JB
