Hi Betty,

Here is the documentation that we have notified all Tribes in Montana and Wyoming.

Thank you,

Hi Ivy,

Betty Grizzle in the Carlsbad, California office is lead for this, so feel free to contact her with questions. Thanks!

Hi Ivy,

From our webpage: <https://www.fws.gov/mountain-prairie/es/wolverine.php>.

Currently, wolverines are found in the North Cascades in Washington and the Northern Rocky Mountains in Idaho, Montana, Oregon (Wallowa Range), and Wyoming. Individual wolverines have also moved into historic range in the Sierra Nevada Mountains of California and the Southern Rocky Mountains of Colorado, but have not established breeding populations in these areas.

While we are revisiting the proposed listing rule for wolverines, the Court did not address, and we are not addressing the 10(j) or 4(d) populations in Colorado, and New Mexico.

I would appreciate it if you would coordinate with R1's Nathan Dexter. I'll give R8 a heads up, who presently do not have an NAL.

Happy to answer any questions. Thanks!

Does this come with an effected area or notification plan, so we know who all it affects and make a decision about what Tribes need notified?

Thank you,

Team,

We need your help in getting wolverine DIP letters sent out to States, Federal Agencies, and Tribes as soon as possible. Attached is a PDF of the DIP letter for the wolverine status determination/SSA signed by Jodi at the MTFO. You can either send that out or take the word version attached that can be revised with letterhead from your offices and signed accordingly. Please do not send out a word file to counterparts, send a signed PDF only.

We are leaving it up to core team members to coordinate within your regions, FOs, and external affairs programs as necessary to get this done. If you have questions or concerns you can reach out to Betty Grizzle.

We hope to have a core team call in a few weeks, plan to report back on the status of the DIP letters in your regions at that time.

Thanks.

Justin Shoemaker
