Yes, was going to send this to you today (as well as New Mexico contact). Let me know if you need anything else.

Oregon Department of Fish and Wildlife - contacted Todd Lum, at their Roseburg, OR office. He was not aware of this record from 2011. He said that the record EO16 was likely not valid given the location provided, but he would let me know if any additional information is received.

New Mexico Department of Fish and Game - contacted Jim Stuart, Non-game Mammals, Santa Fe, NM. I spoke to him about a public comment submitted at regulations.gov about a potential observation of wolverine in June 2016, Wheeler Peak Wilderness. He had not heard about this. I sent him the public comment and asked him to let me know if any additional information is received.

Hi Betty, Can you give me the contact info on the person that disputed EO 16. I'd like to put that in our metadata for the point file I created.

Thanks, Ed
