I will check those and I'll look back at Jeff's email. I think he mentioned date there?

Okay, didn't realize the records had no date field. I believe they are in the USFS database (duplicates) and are very recent.

Betty on the den dates it looks like they range 1977 - 2007, with the exception of the data from Idaho States and Jeff Copeland. Neither of these two data had dates associated with the records??
