Hi Betty,

I have had to commit to an unexpected conference call this afternoon. I will call tomorrow, if that works for you.

Yes, that would be fine (have to leave little early tomorrow, so will be here until 3:30 PST).

Thanks.

Subject: Questions re Wolverine

Hello Dr. Heinemeyer - I am a biologist with the Carlsbad Office of the US Fish and Wildlife Service and currently working on the status review for the wolverine. We are pulling together all of the den sites and observational data (much of this from US Forest Service, but also from State wildlife agencies) and I would like to ask you about the den

locations discussed in the 2015 Winter Recreation Research Project report, which was submitted in response to our public notice in October 2016.

My contact information is listed below. I am generally here from 7:15 to 3:45 PST, Monday-Friday.

Thanks for your time,

Betty
