Hi Justin,

Yes I can make the meeting. Not that this is a deal breaker or anything, but does R-6 have any \$\$ to help with travel?

Bryon,

I know it's very short notice, but can you make a meeting in Denver 2/15-2/16? We'll be meeting w/ a few of us core team members and also the folks from NOAA that are working on the snow modeling study. We'll overall be discussing the biology of the species and nuts and bolts of our analysis. Please let me know. If you cannot make it in person, we'll figure out some way you, or someone from R1 can participate. Thanks.
