Thanks John. I will plan to be there Feb 15 (arriving late on Feb 14) and 16 (taking 5:30 pm flight back that day).

Justin - I'll be back in the office tomorrow to talk about specifics.

Hi All,

Steve and I just finished our meeting with NOAA/CU. The consensus was that they would be able to present here on either Feb 15 or 16. Latest wrap up here at the RO would be by 3pm on Feb 16. Details are still in the air a bit, but I hope this gives you enough certainty so you can plan your travel. If not, please get in touch with me.

Best, John
