Subject: Re: 8 dens outside of Glacier, meltout
Date: Wednesday, February 8, 2017 3:01:34 PM

One more question - do you have elevations for each of these?

No problem. If it turns out you get more den site locations from 2000-present, pass them on to me and I can pull the modis snow data for them as well.

best, John

Hello John, Thanks for passing on the data and working on that.

Hi Betty and Ed,

I just finished pulling in the modis meltout data for the 8 den sites outside of Glacier. Ed-shapefile attached. It turns out 3 of these sites were duplicates so only 5 sites in total. Meltout was well after date of den observation for all 5 sites.

Best, John
