When Ed gets in, I'll let you know if he is available later today at time you suggested.

Sorry about the late notice. I would be happy to answer any questions by email if that works for you, and/or get on a call. I don't know about Nick's status. You would need to check with the Boise office.

Shawn.

Hi Shawn - Ed doesn't come in until later and I don't know his schedule later today.

We were finally able to duplicate your range map after I found some emails in the admin record, but we still have a couple of questions. I can probably type those out and send to you to make this easier.

BTW - Is Nick Hardy available? I had heard he retired.

Thanks,

Betty

Hi Betty,

I'm going to have to beg off on the call at 9 Pacific. If you can do it earlier that would work, or I could do it at 1:30 or 2 Pacific if that would work for you?
