Hi Betty, The location is about 21 miles NW of the Wisness Ranch, but it's down ND68 and that's the road that he lives off. F&G said the kill happened in the general mid point of the township range section, and it's close. The kill location is on a ranch and maybe he was living and working that ranch at the time and now works for Wisness or maybe wisness owns this ranch too?

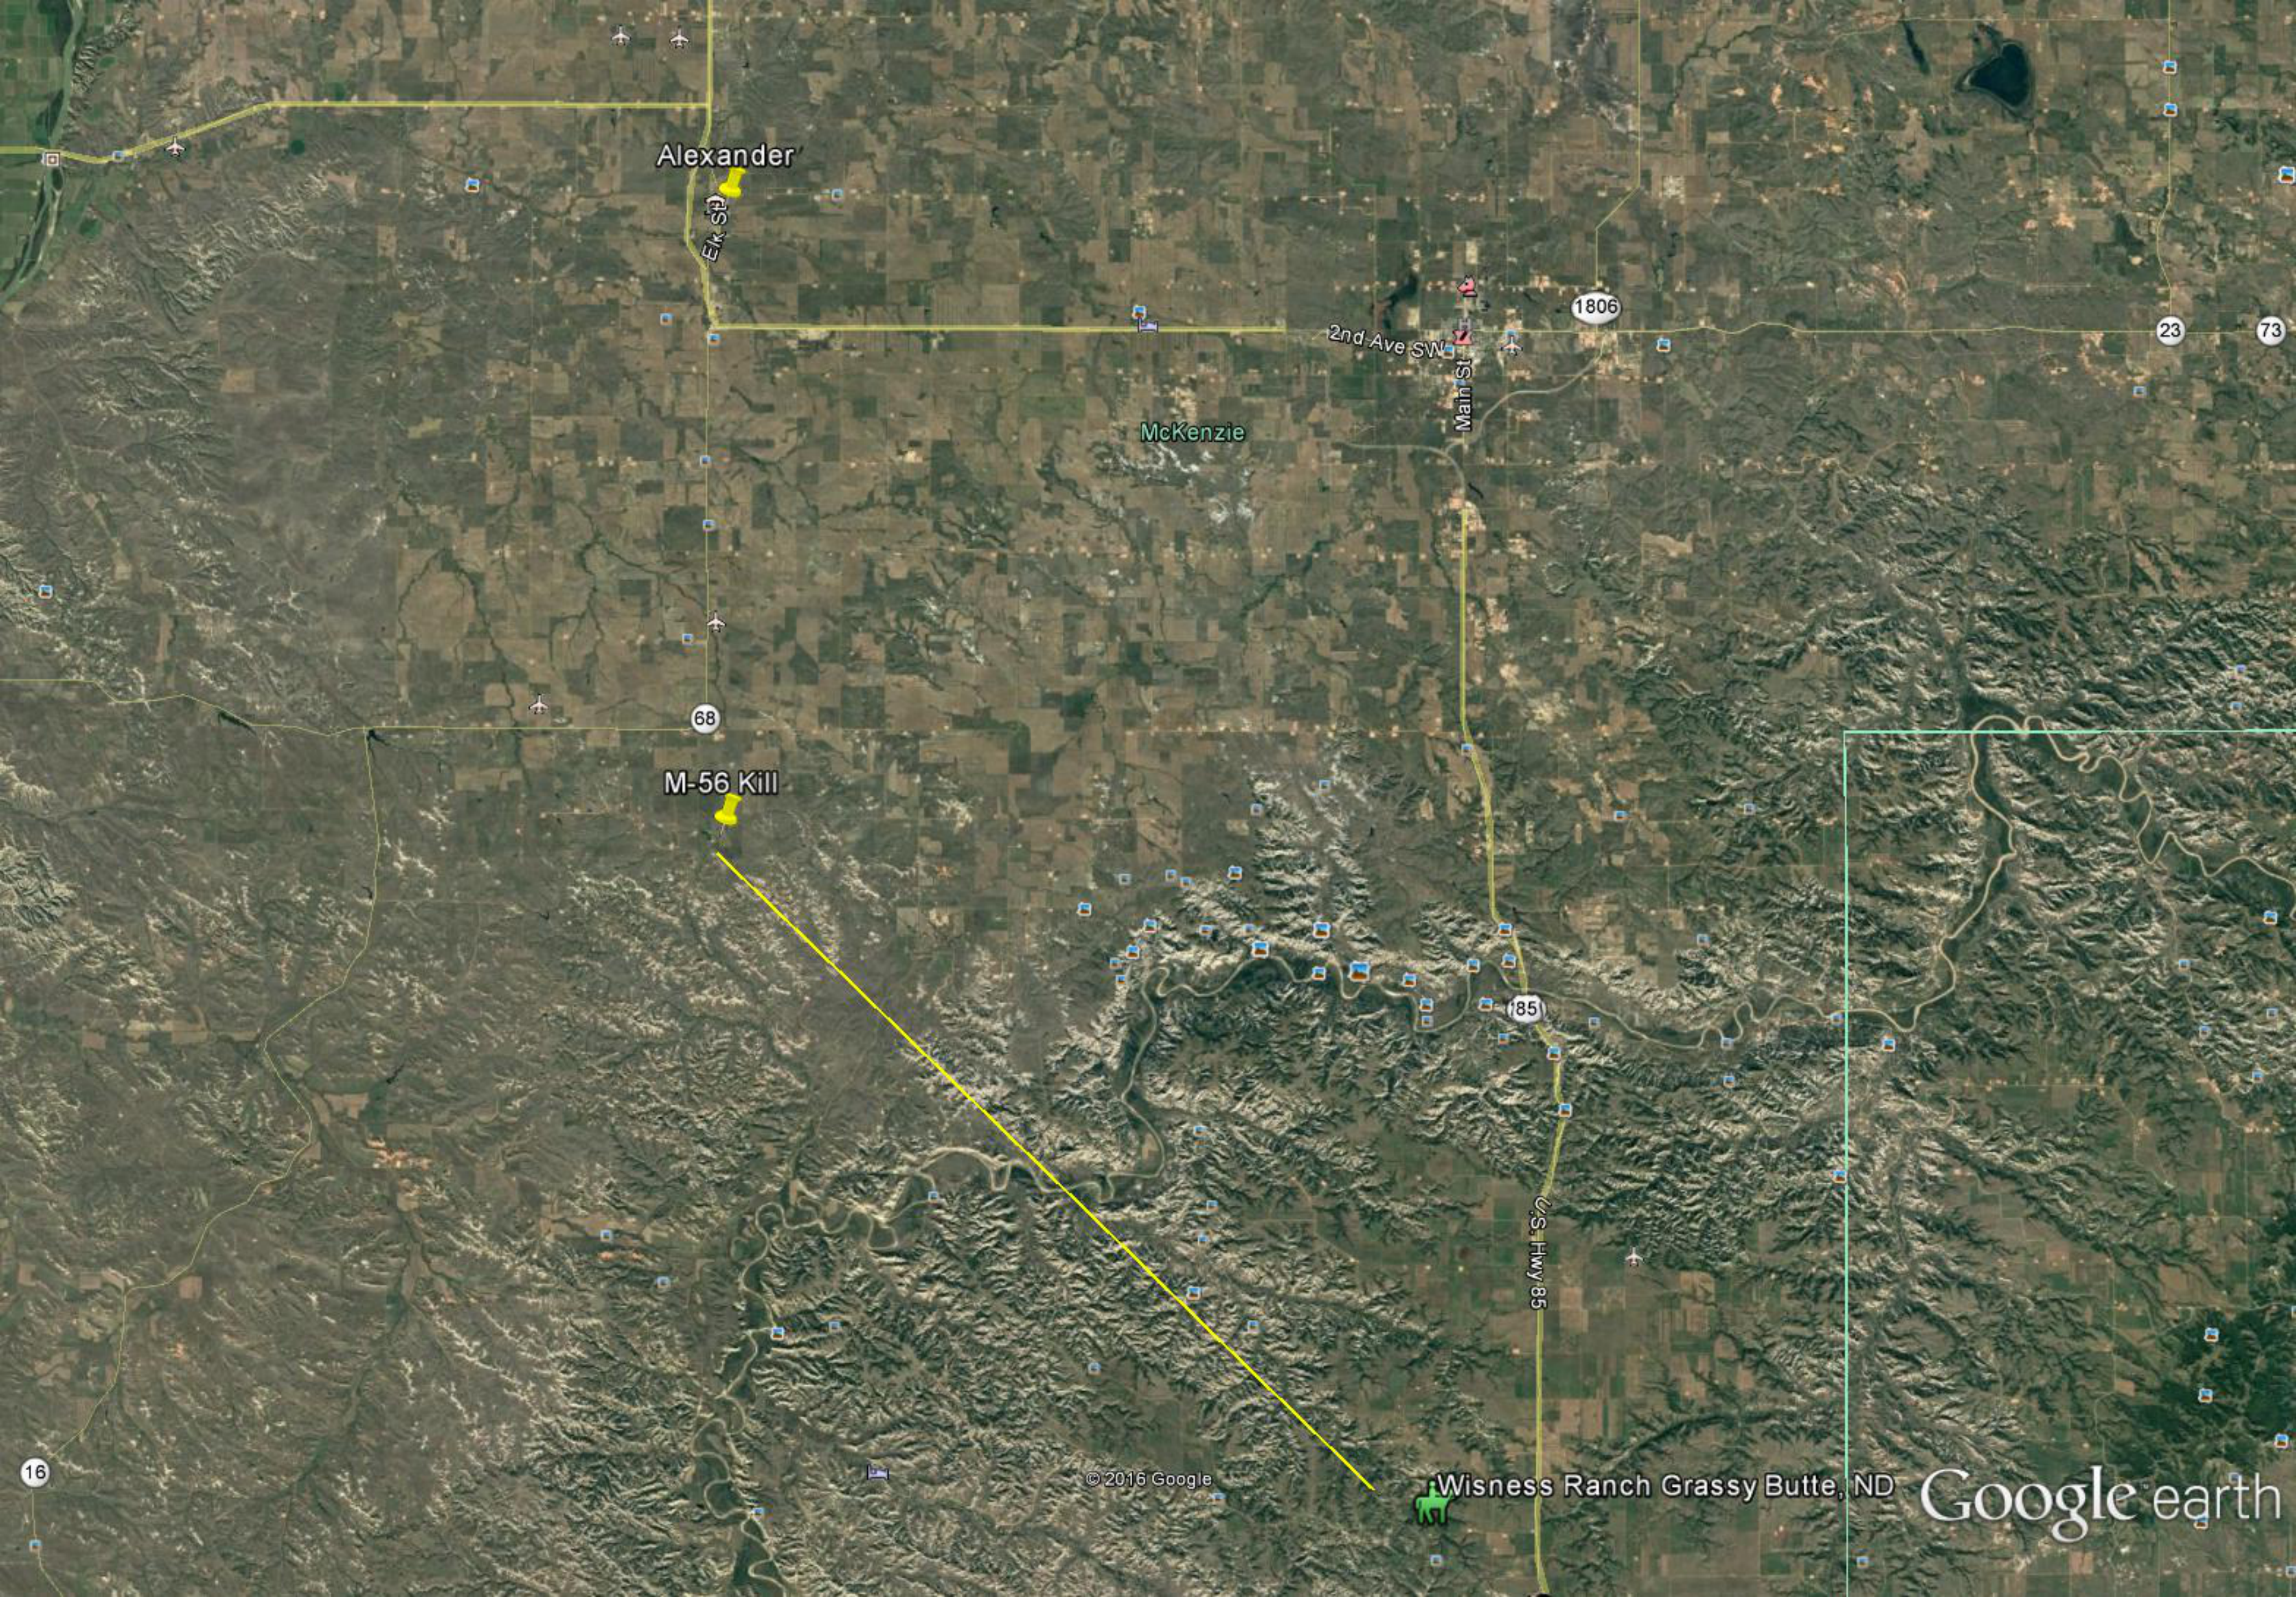

Hope this helps, Ed
