John and Betty, I just tried Lee again and left message like last time.

We can keep trying.

Ed

Hello Patricia and Lee, Thank you for further information on this. We are looking at the NRIS data specifically for date ranges by decade, but we are missing data in the Tetons, Targhee area and all of western Wyoming.

If we can get data that would be for that area, if you have any that would be a major help. We have data from the WY F&G, but not in the USFS data provided.

Thanks again for all the help, Ed

Hi Ed,

I had a voice mail from you that you were looking for data from Bridger Teton NF. My point of contact is Lee Jacobson and he can be reached at ljacobson@fs.fed.us or 801-625-5664. I believe the other locations you were interested in were also in his region. If he does not know about the data, I am sure he can direct you to those who might.

Hi Lee – Ed Turner works for FWS and he is working with Betty Grizzle who is writing up the package for listing for Wolverine. Please help them find the missing data that has been referenced to them. Thanks!

Thanks!

Patti
