Hi Greg

This bounced back due to the size of the PDF for Tony's report. Will send separately.

Here is the harvest data.

Thanks
Rob

Subject: Alberta Wolverine data

Hi Greg

As requested, attached is the Wolverine data for Southern Alberta as requested. The Wildlife Management Units (WMU) are for those in ~200km from the US border in South West Alberta. Our WMU map is attached if you need that level of location information: <http://aep.alberta.ca/fish-wildlife/fishing-hunting-trapping/hunting-alberta/wildlife-management-units.aspx>

Also attached is the latest report from Tony Clevenger and his 2016 wolverine research.

Let us know if you have any questions or need anything further.

Thanks
Rob
