Hi Steve, FYI. Conor McGowan is going to start a PVA on the wolverine in US using the scandinavian PVA demographic inputs with some review by wolverine specialists in Canada/US to edit inputs. We had a call last week. Justin set up a call for Wed to regroup.

Best,
John

Cool, I think bi weekly calls are a good thing. At least to get us started.

We've got the green light from folks here to move forward on this project.

I can set up weekly/biweekly calls if we think that would help progress.
