Looks pretty good Justin. One minor thing - paragraph runs into last bullet on last page.

A couple of points.

- Because we are trying to address Judges decision, we might want to be more explicit about which points are in response to the issues identified by the judge (a,b,c), so Noreen et al can follow. I don't remember DPS being part of the Judge's decision -other than not deciding. Maybe I missed it.
- Wondering if we want to be more pointed about next steps. This is our date if we have the information from the additional PVA and genetics study (if pursued).
- Assuming that the options paper was constructed from the talking points paper that you guys had previously completed last week? It wasn't included in the email.

Otherwise looks fine. JB

Jodi and Marj,

We have prepared a briefing memo for our wolverine SSA update for the RD next Thursday. This memo needs to be to the RD's office by Monday per R6 RD briefing guidance from Stephanie Potter. Please take a look and let me know if you have edits. We will be quickly circulating a surname folder through RO ES for Mike's signature on Monday.

We are trying to put together a genetics options paper as Mike requested. It can be an attachment to this memo if we get the necessary info regarding costs by Monday. Steve is looking into it. If not, I'll drop reference to the options paper in this memo but leave the topic for discussion.

We can also attach the revised schedule to the RD memo if you think appropriate. The latest draft is attached.
