John,

I've revised the briefing memo and timeline document. They are on the I drive: I:\- Surname Word Document\Surname ES\Shoemaker\BP Wolverine.

If you have time, it would be good if you could double check my work, I'd hate to have this come back to us again. The Brady McGee_clean versions are the drafts to move forward, there are also track changes drafts in the folder in case needed. Thanks for your help.

Marj and Craig,

If we are going to get this level of review from the RD's Chief of Staff in the future, we should see if he can provide his review much earlier in the process. I found the extensive edits, at this point in the process, to be befuddling at best. Consider also that this went through review with eight other people, including the ARD, before the Chief of Staff's review.

Trina, is there anything special we need to do with the revised memo before I walk it down there tomorrow? Or is it simply a take old one replace w new one? Thanks John

Hi Trina, Justin will do the edits and then I will walk down a revised hard copy first thing tomorrow am.
Thanks John

Subject: Wolverine Species Status Assessment Update

Importance: High

Hi Trina,

This came back with several edits from the RD's office. **Stephanie said the edits must be completed and returned to the RD's office first thing tomorrow morning.**

Some of the edits may need clarification from Justin. Brady McGee made the changes in RD office and said if any questions, please call him at 303-236-4336.

Thanks!

Jill
