Wolverine Climate Study Call

Conf Call# [866-916-4854](#) Participant # [49134589](#) Leader [73949355](#)

Call w/ Steve and John to discuss the NOAA wolverine study.

Betty and I would like to get a better sense of what's going on w/ the NOAA study. Some thoughts on what we may want to discuss: get a better idea of the parameters of the model, get an update on progress so far, what the study will tell us, how results can inform the SSA, their utility in building future condition projections for the wolverine SSA, and when we can expect to receive study results.
