Thanks Jenny, Bonnie helped me out so no need for anything further.
Best, John

Hi John,

Apologize for the delay in our response. I'm just back from mat leave and will be taking over the data request for the COSEWIC Secretariat.

Unfortunately we do not have the Shapefile behind the distribution map shown in Figure 3. However, the map was produced by Bonnie Fournier in NWT (Bonnie_Fournier@gov.nt.ca) and she should be able to share the Shapefile with you. Hope this helps.

Regards,

Jenny

Subject: wolverine current range GIS file.

Hello, I would like to obtain the GIS shapefile for the current range of the wolverine depicted in Figure 3, pg. 12 of this report. We need to assess percentage of current range in the US as part of our species status assessment for the wolverine. Please contact me with any questions.

COSEWIC. 2014. COSEWIC assessment and status report on the Wolverine *Gulo gulo* in Canada. Committee on the Status of Endangered Wildlife in Canada. Ottawa. xi + 76 pp.
(www.registrelep-sararegistry.gc.ca/default_e.cfm).

Many thanks,

John Guinotte
