Helpful. Noreen and Matt can be available that week. As can Steve T.

We plan to host it at the R6 RO. So not travel for folks already there. R1, R8 and the ID and MT FOs would likely send representatives.

Stephanie,

Its looking like we may be ready to have the wolverine Recommendation Team Meeting by the first or second week of January. We're likely going to need 2 days for this given the complexities and high profile nature. Can you give me an idea if the first 2 weeks of Jan is doable for Noreen and Matt? We will be coordinating w/ R1 and R8 on this. I think WAFWA is the first week, so leaning towards sometime Jan 8-12.
