Let's have a five minute stand up meeting to discuss. I don't want to leave him hanging or overwhelm you two....

If it doesn't, could you propose a time that does? We owe FERC a response to their request for Formal Conference on the Candy Darter (MVP) by 3/16/18. The goal is to send a consolidated response. Jordan needs additional information and it sounds like Tiernan does to. Also need to discuss which office will handle the actual conference opinion.

Thanks,
Troy

Let me check. I know Barb is working a short turnaround for a follow up briefing for Wendi on the Candy Darter. Wendi meets with Greg Sheehan later this week. Tiernan is working on another MVP concern (bat hibernacula) of higher priority.
