Laurie,

Tiernan Lennon is working on the project. I believe letters have been composed. I'm not sure about the FERC window for comments on this project as I am not working on it, but the West Virginia Field Office will submit comments.

Thanks,

Morning, Liz,
Perhaps this can be answered in a word.
I called your office this AM and noted that your email advised patience, as you're working on the project.
My question has to do with the preparation of a document for submission to the FERC re: the MVP.
Are you in the process of preparing such a document for WV?
Thanks so very much.
Please contact me if there's anything we here can do to assist with your work.

Sincerely,
Laurie Ardison
