Re: Approval of Variance Requests Nos. B-19 and C-15

Dear Mr. Eggerding:

I grant your requests, filed May 2, 2019, for Mountain Valley Pipeline LLC (Mountain Valley) to use Variances B-19 and C-15, in Lewis and Braxton Counties, West Virginia, as detailed below.

- Variance B-19 would allow Mountain Valley to utilize additional temporary workspace MVP-ATWS-SM-060 along access road MVP-LE-077.03 for slip remediation, affecting about 0.19 acre near milepost (MP) 62.40.
- Variance C-15 would allow Mountain Valley to utilize additional temporary workspace MVP-ATWS-SM-044 for slip remediation, affecting about 0.99 acre near MP 70.60.

Use of these variances would be consistent with the Biological Opinion issued by the U.S. Fish and Wildlife Service on November 21, 2017 for the Mountain Valley Project. No historic properties, waterbodies, or wetlands would be affected by use of these variances.

Your requests are in compliance with Environmental Condition Nos. 1 and 5 of the Commission's October 13, 2017 *Order Issuing Certificates and Granting Abandonment Authority* (Order) in the above-referenced docket. I remind you that Mountain Valley must comply with all applicable remaining terms and conditions of the Order.

- 2 -

If you have any questions regarding this authorization, please call me at 202-502-8059.

Sincerely,

Paul Friedman
Environmental Project Manager
