Hi Tiernan,

Attached is a status table of the candy darter streams. They have not crossed any of these streams as of today. Thanks.

Subject: RE: [EXTERNAL] RE: Quick Question Regarding MVP

Hi Tiernan,

As we discussed MVP's latest weekly report has a table of progress percentages by Spread. A Spread map is also attached. Please note that Spread I starts at MP 253.9. I'll circle back on the candy darter streams.

Thanks.

 Tiernan – I keep getting pulled into meetings and calls today - I apologize. I know you want your questions answered quickly, so the best person to talk to about construction status while Paul is out of the office is Lavinia. She is copied on this email and her contact information is below. Cardno was the third party contractor for the EIS process and now they are our contractor for MVP construction inspections.

 Hi Tiernan – Sorry I missed your call. I'm in and out of meetings all day tomorrow, but I have some time in the morning before 10am or at 11am. Is this about the tree clearing variance regarding Indiana bat or the candy darter CO?

Subject: Quick Question Regarding MVP

Hey Amanda - Are you available tomorrow for a quick call? I have a few questions that I'm trying to get answered ASAP. It shouldn't take more than 15 mins of your time.

Thanks!

Tiernan
