Hi Jen,

We would like to discuss the updates to the migratory bird conservation plan, including how we have addressed agency feedback, and the HEA model. Please let me know if there is anything else you would like to discuss.

Also, I reached out to Jason Bulluck to set up a meeting but have not heard back from him yet.

I am looking forward to our meeting next week.

Thanks,

Megan

Hi Megan,

Thanks for the quick response. That works for us.

In terms of the meeting, could you provide more information about what will be presented and discussed? Also, have you scheduled your call/meeting with VA DCR?

Thanks,

Jen

Jen,

Thank you for the email. Next Thursday March 23 at 10 AM would work great for us. MVP (Joe Dawley and me) will come to your office for the meeting and we can conference Tiernan.

Please confirm that 10 AM works for you.

Thank you,

Megan

Hi Megan,

Having a call/meeting to share the migratory bird HEA (e.g. inputs, assumptions, and other analyses) and plan before you submit it to FERC sounds like a good idea.

I checked with Tiernan Lennon, WVFO, on her availability, and looks like March 23, Thursday, morning (before 12pm) works best for everyone.
