Subject: RE: MVP NLEB Conservation Measure
Date: Tuesday, November 14, 2017 11:45:15 AM

Matt & John at MVP – FWS says it will speed things up if you would make a filing at FERC stating that Mountain Valley agrees to the Conservation Measure below in this email. Thanks - paul

Subject: MVP NLEB Conservation Measure

"Mountain Valley, LCC will provide a site-specific plan to the Service for review and written approval prior to initiating any construction activities within 0.5 mile of portal PS-WV3-Y-1. The site-specific plan will ensure no alteration, physical or otherwise, of the portal's entrance or environment that will adversely affect its use by federally listed bats, including those hibernating within the portal. In the event that the Service determines the site-specific plan cannot ensure that construction activities are not likely to adversely affect federally listed bats, Mountain Valley, LCC will reroute the Project such that all activities are at least 0.5 mile away from portal PS-WV3-Y-1. In certain instances, conducting some activities within 0.5 mile of portal PS-WV3-Y-1 may not adversely affect federally listed bats; however, Mountain Valley, LCC will receive Service review and written approval of all activities within 0.5 mile of portal PS-WV3-Y-1 prior to initiating such activities."
