Hey all,

Still cleaning up the Greens, but otherwise, all the citations from Elizabeth's list have been addressed except the following. Think these might be Gina's?

Gina, holler if I can help.

Also, I'm not confident all documents in the lit cited were uploaded to Drive. While addressing my missing documents, I found several others that weren't on this list but also not uploaded onto drive. After I finish this task, I will go and double check for those documents not on this list that are still needing uploaded.
