Adding to Sue's stikethrough...I corrected Fettig in the version of the document I sent to Dan yesterday (it's flagged with a highlighted comment bubble), I found Frankham, and I found, Ohmann and Gregory.

I put a double-strike through for the ones I've added.

I thought the ODF one might be mine at first, but I don't think it is. But whoever wrote the tree mortality section let me know if you don't have it and I will take a deeper look into it.

**Subject:** NEED YOUR HELP ON A COUPLE CITATIONS STILL

Elizabeth, Gina, Sue, and Madeline/Josh---

I just finished a final read-thru of the rule and references cited list for missing or incorrect citations, and **I need your help on the following 12 citations that are in the rule and I don't have in the list:**

- (1) ~~Davis et al 2017 (NCSO forest wildfires, cited once on p. 67)~~
- (2) EPA 2008 (see both NCSO and SSN sections on Existing Reg Mechanisms, 2008 Risk Mitigation Decision for Ten Rodenticides)
- (3) Fettig et al. 2018 (cited on p. 121 of the rule, citation is for page 176, so am thinking this should be Fettig et al. 2019???)
- (4) Frankham 1995 (cited once in general threats information, small population size; see p. 84)
- (5) ~~Matthews et al 2011, p. 72 (Population estimates, our response to comment #49)~~
- (6) [ODF] Oregon Department of Forestry. 2016. (see Tree Mortality section for NCSO, p. 72)
- (7) Ohman and Gregory 2002 (see our response to comment #33...this is related to OSGI-80 stuff)
- (8) ~~Ruggiero et al. 1994 (3-Rs section...forest carnivores occurring at low densities, p. 98)~~
- (9) ~~SFI 2015 (our response to comment #24, Existing Reg Mechanisms section)~~
- (10) [USFS] U.S. Department of Agriculture, U.S. Forest Service. 2004. (see pg 132, Sierra Nevada Forest Plan amendment; see Existing reg mech section for SSN)
- (11) ~~Zielinski et al. 2006 (see Comment #37 in Habitat Recruitment section; OSGI-80 stuff)~~
- (12) ~~Zielinski et al 2012 (see Comment 33 in Habitat section)~~

**AND QUESTION:** Should the USFS 2015 citation on/about pg 94 in the rule be changed to say USFS et al. 2015? I think so, but please confirm before I make a change in the rule.

**AND ONE MORE:** The Pacific Lumber Company PDF file in the References folder has a working page #1, but all the rest of the pages are blank. This is the PLC's HCP, dated Feb 1999. Somebody

please replace with a working copy.

**The current draft References Cited list for you to use to replace the above placeholders. Please do this right away after you are finished with any RSOL edits. Not only fix the citation in the list, but please include a PDF of the literature in the folder on OneDrive:**

Fisher 2019

-----FINAL RULE LITERATURE-Heidi

\*\*\*The references list is sitting in this folder too

And don't mess around with formatting your references after you get them into the References Cited list...OneDrive whacked out the perfectly formatted WORD file, so I will just transfer your replaced citations to my master list when you all are done.
